COMMONWEALTH OF KENTUCKY
BY R. Allen

AN ACT relating to suicide prevention training.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

1 ➔Section 1. KRS 158.070 is amended to read as follows:

2 (1) The minimum school term shall be one hundred eighty-five (185) days, including
3 no less than the equivalent of one hundred seventy-five (175) six (6) hour
4 instructional days. A board of education may extend its term beyond the minimum
5 term.

6 (2) The local board of education, upon recommendation of the local school district
7 superintendent, shall adopt a school calendar for the upcoming school year that
8 establishes the opening and closing dates of the school term, beginning and ending
9 dates of each school month, instructional days, and days on which schools shall be
10 dismissed. The local board may schedule days for breaks in the school calendar that
11 shall not be counted as a part of the minimum school term.

12 (3) Any local board of education operating its schools on a year-round school program
13 basis shall conform with administrative regulations promulgated and adopted by the
14 Kentucky Board of Education upon the recommendation of the commissioner of
15 education, which regulations must be in conformity with the following criteria:

16 (a) The year-round school program shall be operated on a fiscal year beginning
17 July 1 and ending June 30;

18 (b) A pupil's required attendance in school shall be for at least the minimum
19 instructional term; and

20 (c) No teacher shall be required to teach more than the minimum term during the
21 school year.

22 (4) (a) Each local board of education shall use four (4) days of the minimum school
23 term for professional development and collegial planning activities for the
24 professional staff without the presence of pupils pursuant to the requirements
25 of KRS 156.095. At the discretion of the superintendent, one (1) day of

professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) *In addition to the four (4) days required under paragraph (a) of this subsection, a minimum of two (2) hours of self-study review of suicide prevention materials shall be required for all high school and middle school principals, guidance counselors, and teachers each school year.*

(c) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give

1 prior approval and shall monitor compliance with the requirements of
 2 this paragraph. In the case of teachers, a professional development
 3 committee or the school council by council policy may be responsible
 4 for reviewing requests for approval.

5 ~~(d)~~~~(e)~~ The local board of each school district may use up to a maximum of four
 6 (4) days of the minimum school term for holidays; provided, however, any
 7 holiday which occurs on Saturday may be observed on the preceding Friday.

8 ~~(e)~~~~(d)~~ Each local board may use two (2) days for planning activities without
 9 the presence of pupils.

10 ~~(d)~~~~(e)~~ Each local board may use the number of days deemed necessary for:

- 11 1. National or state disaster or mourning when proclaimed by the President
- 12 of the United States or the Governor of the Commonwealth of
- 13 Kentucky;
- 14 2. Local disaster which would endanger the health or safety of children;
- 15 and
- 16 3. Mourning when so designated by the local board of education and
- 17 approved by the Kentucky Board of Education upon recommendation of
- 18 the commissioner of education.

19 (5) The Kentucky Board of Education, upon recommendation of the commissioner of
 20 education, shall adopt administrative regulations governing the use of school days,
 21 including days missed from the regular school day as a result of local disaster, as
 22 defined in subsection (4)~~(d)~~~~(e)~~2. of this section, and regulations setting forth the
 23 guidelines and procedures to be observed for the approval of the days utilized for
 24 the opening and closing of school and the days utilized for professional
 25 development and planning activities for the professional staff.

26 (6) (a) In setting the school calendar, school may be closed for two (2) consecutive
 27 days for the purpose of permitting professional school employees to attend

1 statewide professional meetings. These two (2) days for statewide professional
 2 meetings may be scheduled to begin with the first Thursday after Easter, or
 3 upon request of the statewide professional education association having the
 4 largest paid membership, the commissioner of education may designate
 5 alternate dates. If schools are scheduled to operate during days designated for
 6 the statewide professional meeting, the school district shall permit teachers
 7 who are delegates to attend as compensated professional leave time and shall
 8 employ substitute teachers in their absence. The commissioner of education
 9 shall designate one (1) additional day during the school year when schools
 10 shall be closed to permit professional school employees to participate in
 11 regional or district professional meetings. These three (3) days so designated
 12 for attendance at professional meetings shall not be counted as a part of the
 13 minimum school term. School shall be closed on the day of a regular election
 14 and on the day of a primary election, and those days may be used for
 15 professional development activities, professional meetings, or parent-teacher
 16 conferences.

17 (b) All schools shall be closed on the third Monday of January in observance of
 18 the birthday of Martin Luther King, Jr. Districts may:

- 19 1. Designate the day as one (1) of the four (4) holidays permitted under
 20 subsection (4)(~~d~~)(e) of this section; or
- 21 2. Not include the day in the minimum school term specified in subsection
 22 (1) of this section.

23 (7) Students applying for excused absence for attendance at the Kentucky State Fair
 24 shall be granted one (1) day of excused absence.

25 (8) Schools shall provide continuing education for those students who are determined
 26 to need additional time to achieve the outcomes defined in KRS 158.6451, and
 27 schools shall not be limited to the minimum school term in providing this

1 education. Continuing education time may include extended days, extended weeks,
2 or extended years. A local board of education may adopt a policy requiring its
3 students to participate in continuing education. The local policy shall set out the
4 conditions under which attendance will be required and any exceptions which are
5 provided. The Kentucky Board of Education shall promulgate administrative
6 regulations establishing criteria for the allotment of grants to local school districts
7 and shall include criteria by which the commissioner of education may approve a
8 district's request for a waiver to use an alternative service delivery option, including
9 providing services during the school day on a limited basis. These grants shall be
10 allotted to school districts to provide instructional programs for pupils who are
11 identified as needing additional time to achieve the outcomes defined in KRS
12 158.6451. A school district that has a school operating a model early reading
13 program under KRS 158.792 may use a portion of its grant money as part of the
14 matching funds to provide individualized or small group reading instruction to
15 qualified students outside of the regular classroom during the school day.

16 (9) Notwithstanding any other statute, each school term shall include no less than the
17 equivalent of the minimum number of instructional days required by this section.

18 (10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection
19 (1) of this section, a school district shall arrange bus schedules so that all buses
20 arrive in sufficient time to provide breakfast prior to the instructional day. In the
21 event of an unforeseen bus delay, the administrator of a school that participates in
22 the Federal School Breakfast Program may authorize up to fifteen (15) minutes of
23 the six (6) hour instructional day if necessary to provide the opportunity for children
24 to eat breakfast not to exceed eight (8) times during the school year within a school
25 building.

26 (11) Notwithstanding any other statute to the contrary, the following provisions shall
27 apply to a school district that misses school days due to emergencies, including

1 weather-related emergencies:

2 (a) A certified school employee shall be considered to have fulfilled the minimum
3 one hundred eighty-five (185) day contract with a school district under KRS
4 157.350 and shall be given credit for the purpose of calculating service credit
5 for retirement under KRS 161.500 for certified school personnel if:

6 1. State and local requirements under this section are met regarding the
7 equivalent of the number and length of instructional days, professional
8 development days, holidays, and days for planning activities without the
9 presence of pupils; and

10 2. The provisions of the district's school calendar to make up school days
11 missed due to any emergency, as approved by the Kentucky Department
12 of Education, including but not limited to a provision for additional
13 instructional time per day, are met.

14 (b) Additional time worked by a classified school employee shall be considered as
15 equivalent time to be applied toward the employee's contract and calculation
16 of service credit for classified employees under KRS 78.615 if:

17 1. The employee works for a school district with a school calendar
18 approved by the Kentucky Department of Education that contains a
19 provision that additional instructional time per day shall be used to make
20 up full days missed due to an emergency;

21 2. The employee's contract requires a minimum six (6) hour work day; and

22 3. The employee's job responsibilities and work day are extended when the
23 instructional time is extended for the purposes of making up time.

24 (c) Classified employees who are regularly scheduled to work less than six (6)
25 hours per day and who do not have additional work responsibilities as a result
26 of lengthened instructional days shall be excluded from the provisions of this
27 subsection. These employees may be assigned additional work responsibilities

1 to make up service credit under KRS 78.615 that would be lost due to
2 lengthened instructional days.

3 ➔Section 2. KRS 161.011 is amended to read as follows:

4 (1) (a) "Classified employee" means an employee of a local district who is not
5 required to have certification for his position as provided in KRS 161.020; and

6 (b) "Seniority" means total continuous months of service in the local school
7 district, including all approved paid and unpaid leave.

8 (2) The commissioner of education shall establish by January, 1992, job classifications
9 and minimum qualifications for local district classified employment positions which
10 shall be effective July 1, 1992. After June 30, 1992, no person shall be eligible to be
11 a classified employee or receive salary for services rendered in that position unless

13 education.

14 (3) No person who is initially hired after July 13, 1990, shall be eligible to hold the
15 position of a classified employee or receive salary for services rendered in such

20 administrative regulations promulgated by the Council on Postsecondary Education.

21 (4) Local school districts shall encourage classified employees who were initially hired
22 before July 13, 1990, and who do not have a high school diploma or a GED
23 certificate to enroll in a program to obtain a GED.

24 (5) Local districts shall enter into written contracts with classified employees. Contracts
25 with classified employees shall be renewed annually except contracts with the
26 following employees:

27 (a) An employee who has not completed four (4) years of continuous active

1 service, upon written notice which is provided or mailed to the employee by
2 the superintendent, no later than May 15, that the contract will not be renewed

10 section. Upon written request within ten (10) days of the receipt of the notice
11 of nonrenewal, the employee shall be provided with a specific and complete
12 written statement of the grounds upon which the nonrenewal is based. The
13 employee shall have ten (10) days to respond in writing to the grounds for

15 (6) Local districts shall provide in contracts with classified employees of family
16 resource and youth services centers the same rate of salary adjustment as provided
17 for other local board of education employees in the same classification.

18 (7) Nothing in this section shall prevent a superintendent from terminating a classified
19 employee for incompetency, neglect of duty, insubordination, inefficiency,
20 misconduct, immorality, or other reasonable grounds which are specifically
21 contained in board policy.

22 (8) The superintendent shall have full authority to make a reduction in force due to
23 reductions in funding, enrollment, or changes in the district or school boundaries, or
24 other compelling reasons as determined by the superintendent.

25 (a) When a reduction of force is necessary, the superintendent shall, within each
26 job classification affected, reduce classified employees on the basis of
27 seniority and qualifications with those employees who have less than four (4)

1 years of continuous active service being reduced first.

2 (b) If it becomes necessary to reduce employees who have more than four (4)
3 years of continuous active service, the superintendent shall make reductions
4 based upon seniority and qualifications within each job classification affected.

5 (c) Employees with more than four (4) years of continuous active service shall
6 have the right of recall positions if positions become available for which they
7 are qualified. Recall shall be done according to seniority with restoration of

24 *prevention materials.*

25 (11) The evaluation of the local board policies required for classified personnel as set out
